

Problem Solving and Decision Making

Benefits to you:

By the end of the workshop, you will be able to:

- Know how to understand a problem, its nature, scope and impact.
- Know how to gather and interpret information to solve a problem.
- Know how to evaluate options to make a decision.
- Know how to plan, monitor and review the implementation and communication of decisions.
- Compile a report for recommendations of implementation.

Benefits to your business:

The workshop explains and allows you to be able to solve problems and make decisions as required by a practicing or potential first line manager. You will be asked to attend the workshops with a work based problem. By looking at options to solve this problem and compiling a report with the best evaluated option to implement your business could save a significant amount of money. Going forward you will be increasing the problem solving skills of your workforce.
