

TRAVEL & TOURISM DIPLOMA

Becoming an overseas resort representative, part of a cabin crew, working on a cruise ship, or as a travel agent couldn't be easier with our industry focused courses. We work closely with Thomas Cook and Mark Warner holidays to ensure you have the relevant skills needed by employers. We also have a cabin crew training replica for you to practice the skills you need.

We offer two options for you to start your studies in the travel and tourism industry depending on your GCSE results. Our Level 3 course offers you the choice of university study or employment on successful completion of your course. Our Level 2 course is ideal should your GCSE results not be what you expected.

If you are looking for an exciting and rewarding career in the travel and tourism industry, whether you want to join a local attraction, operate your own travel agency, see the world on-board a cruise ship or be part of the cabin crew for a national airline, then we have the right course for you. As well as delivering a wide range of skills and knowledge, our industry focus and employability ethos means that we have some of the best connections and partnerships to really help boost your careers. For those looking to enhance their CV's, we have partnered up with specialist tour operator Mark Warner, giving the right students the chance to work in one of their overseas holiday resorts. While completing this course, you'll cover things like: Worldwide travel and tourism destinations, Air fares and ticketing, Travel representative, Holiday representative, Tour guiding and Tour operator. Our students have won national competitions, traveled all over the world supporting great charities, helped design travel guides for regional projects and take part in some high profile events, like the Tall Ships Regatta and Falmouth Oyster Festival. We have our own mock airplane cabins which simulate working on-board an aircraft and we offer great progression and dedicated workshops for specialist careers including tour and resort operations.
